

## INTERLAKEN SHADE TREE COMMISSION

Minutes ISTC February 7, 2017

Sunshine Law Read

Present: Co-Chairs: Dalton, Heinz  
Hughes, Papp

Absent: Insabella, Weaver

Minutes Approved from January 2017

Business:

Arbor Day- We will do a clean up and projects in the Arboretum in celebration of Arbor Day. We will invite the public to join in. To be held on Sat. April 29<sup>th</sup>, with a rain date of Sunday, April 30<sup>th</sup>. We can also plant a tree.

Ordinance- Discussion of what really needs to be changed. Need to get all together and present to Councilman White and Council. The Inventory, which is now complete, has taken up most of the ISTC's time. This is now a priority.

Tree Inventory- Discussion of actions needed to be taken for recommendations in the inventory. Tree companies have been contacted- we are awaiting estimates. Action will be taken with trees marked "critical". Our computer has arrived and will be set up. The inventory will be loaded.

Branching Out- Most of the meeting was dedicated to getting the copy written. It is finally put together and a printer will be contacted to set up and printed. Goal is that it be mailed out within a couple of weeks. This is one item that must be done in order to fulfill all our requirements for the Inventory Grant.

Hughes shared the End of Year Reports and Budget for Council for 2017.

Meeting adjourned

Respectfully submitted.  
Jodi Heinz
