The subcommittee that was assembled to look at Borough ordinances met with Board Engineer/Planner, Peter Avakian. Board Engineer/Planner Avakian put together a proposal for costs pertaining to an ordinance review. The next step the Board will be taking is to evaluate what changes they would like to bring to Council.

Mayor Nohilly noted that it is not Councilman Butler’s responsibility, as Council Liaison, to present and defend what the Planning Board wants to do. The Planning Board should articulate their request in writing to Council.

Councilman Butler stated that there will be an overview of what the Planning Board is looking to do.

Mayor Nohilly noted that there is no point in paying professionals to do what the Planning Board wants, if Council is not in sync with what the Board wants. Changes made to the ordinance is Council’s decision, not Planning Board’s decision.

- **Board of Education:** No report.
- **Recreation Advisory Committee:** Councilman Watson stated that he will be in contact with the Recreation Committee regarding their contribution to the Borough newsletter.
