7. **REPORTS/CORRESPONDENCE:**

- **Administration/Finance:** No report.
- **Public Safety:** Borough Clerk/Administrator Reibrich stated that the monthly Police report will be distributed upon receipt.
- **Streets & Roads:** Councilman Watson asked if the traffic speed study was being done.

Mayor Nohilly stated that he spoke with Chief Neumann regarding the consistent complaints of speeding on Westra Street and Grassmere Avenue. Chief Neumann plans to place the large speed monitoring sign within the Borough and has assured Mayor Nohilly that there will be maximum

enforcement in those areas. Another traffic study will be done during the summer. Previous data indicated that the Borough does not have a speeding problem, though there is an understanding that there is a resident perception that there is. This will be addressed.

Councilman Butler noted that the average speed is 27mph. Very few are going under 25mph so statistically that would mean the high end is not much over 27mph.

Councilman Fama stated that the traffic is increasing every summer.

Borough Clerk/Administrator Reibrich stated that she has received comments that the Police are very strict with speeding and commenters have received tickets.

Mayor Nohilly stated that there was a meeting with Borough Engineer/Planner Avakian regarding crosswalks and sign placement.

Councilman Butler suggested the temporary moveable crosswalk signs be placed within crosswalks.

- **Shade Tree Commission:** Councilman Fama stated that the Commission met and that Bill Brash, certified forester, attended the meeting. The Commission is putting together a five-year forestry plan. The Council also discussed bringing proposed tree ordinance changes to Council soon. Councilman Fama noted that the Commission was pleased with the hydrangea plantings done by DPW at the gates that received many compliments.

Project completion for the street sign installation was discussed.

Borough Clerk/Administrator Reibrich stated that the signs will be maintained by the installation contractor for two years who will return this week to adjust, if needed. 10% of the construction costs are held during that time to insure their return.

Several Council members noted that there were many and only compliments regarding the newly installed signs. Borough Clerk/Administrator Reibrich stated that many positive comments were received from residents who came to Borough Hall to pay their taxes.

- **Planning Board:** No report
- **Board of Education:** No report.
- **Borough Administrator:** Borough Clerk/Administrator Reibrich reviewed research regarding type and placement of the water fountains in the park.

Council discussed installation, placement and style of water fountains in the park, deciding that one near the backstop of the baseball diamond and one near the tennis courts would be most logical placement.

Borough Clerk/Administrator Reibrich stated that New Jersey American Water has agreed not to meter the water to the fountains, if the Borough waives the fee for the street opening permit.

3. **NEW BUSINESS:** None
4. **COMMENTS FROM THE PUBLIC:** Mayor Nohilly opened the floor for public comment.

With no public present for comment, he closed the floor.

5. **ADJOURNMENT:** With no further comments, Councilman Watson made a motion to adjourn, seconded by Councilwoman Maloney and unanimously carried.
