1. **HISTORIAN PRESENTATION** – Borough Historian Bob Waitt made a presentation to Council regarding the Asbury Park Aviation Meet held in Interlaken in 1910, which was organized by the Ariel and Motor Clubs of Asbury Park and attended by the Wright Brothers.

Borough Historian Waitt stated that the event was held over thirteen days. The Wright Brothers brought five of their "Birdmen" and shipped pieces of planes to Bradley Beach. These planes were assembled in Interlaken.

Borough Historian Waitt stated that many aviation "firsts" happened during the meet. The first unofficial "Air Mail" delivery was made. It was also the first time a car was hit by an airplane. Spectators were hit by a plane whose pilot was trying to avoid a group of reporters. The first lawsuit in aviation history was filed the next day by a young man who had been selling programs and was injured in that accident.

Borough Historian Waitt stated that a video has been put on the Borough website detailing the event and it has generated a lot of interest.

Borough Historian Waitt stated that this meet was an important event in Aviation history. Borough Historian Waitt stated that he has spoken to many Borough residents who agree with him that this event should be commemorated with a monument.

Borough Historian Waitt presented a rendering of the monument being proposed and stated that the cost would be approximately \$ 4,300.00. An amount equal to \$11.93 per household.

Mayor Nohilly stated that Council supports the idea of a monument. Council discussed options for the look of the monument.

Mayor Nohilly asked Borough Historian Waitt to bring details for additional options for the appearance of the monument.
